**Medigoo.com Inc. is participating in the Biohacker Summit 2015, held in Helsinki, Finland at Cable Factory on 24th of September**

The venue, [Biohacker Summit 2015](#), will bring together all the people interested in self-testing and health hacking, in the Northern Europe.

Welcome to the Medigoo booth, where we will be exhibiting our latest health self-test products, At the venue, you can discover the new trends in wearables, digital health, nutrition, fitness, learn the concept of biohacking and lifehacking to increase performance, stay healthy and fit, focus on what is really important for achieving more successes.

The main idea of biohacking is to optimize your body, mind, performance using biological and technological tools. Biohacker Summit 2015 will bring together various speakers, artists and company representatives. There are such famous speakers as Biohacker's Handbook author technology specialist Mr. Teemu Arina, Mr. Max More (creator of the term transhumanism), Mr. Ben Greenfield (top 100 influencers in health & fitness, author of Beyond Training), Mr. Ari Meisel (wellness coach & author of Less Doing, More Living) and a lot of others.

For more details, visit the Biohacker Summit show [main page](#) and please follow the Medigoo updates on [Facebook](#)/ [Linkedin](#)/ [Twitter](#).
